PHONE APP

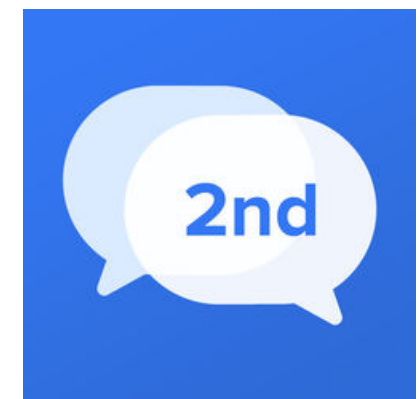

.....

- Pre-installed app to talk on the phone
 - If you have an apple computer, you can answer calls through your computer seamlessly
- Alternatives (not that great)
 - Second Line
 - Talkatone
 - WeTalk Pro
 - Free Tone

MESSAGES APP

- Pre-installed app to send text messages
- If you have an apple computer, you can text others through your computer seamlessly
- Sends through Wifi
- Alternatives
 - Facebook Messenger
 - Second Texting Number
 - What's App

FACE TIME APP

- Pre-installed app to have video or voice calling (Over WiFi)
- If you have an apple computer, you can video call others through your computer seamlessly
- Alternatives
 - Skype
 - Google Hangouts
 - Zoom (Typically Business)

FIND YOUR FRIENDS

.....

- This is pretty much a one-way communication app.
- See where your friends are without calling them
- Alternative:
 - Find My Family, Friends, Phone

WHAT ELSE?
